

Who is ADesk4Me?

ADesk4Me is proud to provide top tier professional business services for local and regional companies. With our highly trained local personnel covering a broad spectrum of professional talent, we can be your single source provider for solutions to help your business succeed. Luray is a Virginia Economic Development Zone and an SBA designated HUBZone for Federal Government Contractors.

Core Competencies

Instructional Services (Virtual Reality/Augmented Reality)

Focused on communicating information in a more detailed manner to your customer for enrichment about a product or service. These products include training classes and material, webcasts, podcasts, games, video, and animation. We can help with all aspects of your instructional needs, from the creation to the management.

Social Media Integration & Management

What is it and why do I need it? Why you need it varies on what you are trying to sell and to who. It is a collection of tools to communicate with your customers and peers. We can help you define and manage your social media presence.

Graphic Design

Are you a new startup that needs an entire corporate identification package or just need a business card design? With professional graphic designers on staff, we can help. Whether you need a brand new logo for your startup company or need to update your current corporate identification, we are your single source for all your graphic design needs.

Website Design

Need a new website? Maybe you have an established company and need to update your current site? In today's digital landscape, not only does it give you a valuable online presence that widens your customer base, but also it establishes your unique identity among your competition.

Network Engineering

What are your network needs? We can design, engineer, implement, and manage networks for a single home office to a complex headquarters with remote offices. We can perform penetration testing to determine your network weaknesses. Or, do you need your office computers managed?
